*"We are greatly appreciative of and impressed
by the overall product"*

“Kylah and I agree, we wish we could do it all over again, and then rewind and do it once more. It was that amazing. Although we can’t literally travel back in time, your work permits us to put on the suit and dress, as it were, once more. **Thank you.**”

Richard & Kylah

"turned out GREAT!!!"

"We've watched it twice and **we absolutely love it!!** It definitely captured the moment and was everything we expected it to be. We are so happy with the end result that we are planning to invite those who were not able to make it to come over and watch it with us so we can reminisce on the day and have some laughs and maybe some tears. “Shawn – The

film SURPASSED my
EXPECTATIONS”.

You did an excellent job despite the obstacles, I would have never known. It made me even more appreciative of the quality of the product. Excellent!! Absolutely

On our wedding journey we encountered many incidents of unprofessionalism. However, your talent and superb **professionalism** restored my hope that there are still some out there who take pride in what they do. It shows through the quality of your work. Our wedding was one of the most special days of our lives. It took two years to plan every detail. As the bride & Groom you are so caught up with everything that is difficult to take everything in. Through your work we were able to see some things we missed. These are now beautiful memories we can experience again over and over. For that we can't thank you enough.

Sincerely “*The Hunts*”

"The **FILM WAS WONDERFUL**. I have watched it 3 times already – clearly, I can't get enough!!! :O) ", it told the story of my day. From me entering the church, Jessie's first look, and the infamous **KISS!!!** I loved it all. The music you chose to highlight those moments really made them stand out!!! The day goes by so fast and while you would like to take it all in, at times it's just impossible. Viewing my wedding video has allowed me to experience the day all over again and believe it or not, not only from my perspective (the bride), but that of a guest!!! I loved the video and if I could do it all over again – I would!!!! Thanks Shawn for all your help and it was a pleasure working with you!

Overall, I was pleased with the end result. It was professionally done and I love to watch it...over and over again! One of my favourite DVD's! Having taken the extra time to get to know my videographer also made the experience even better as I could appreciate the time and effort put in for it to all come together!

“The DVD was excellent!”

“The **QUALITY** of the picture was excellent. The colours were so vivid and real. It was like we were looking at it in real life!

The film told the whole story

The quality and content was definitely worth it. It was so much going on at the wedding and I was so tired from the long day it was exciting to finally see my wedding they way others did and to really see how much fun they had was a treat!”

We are so blessed to have chosen MHP to help create a memorable video of our special day. Our experience with the Shawn and his team was exceptional!! The level of professionalism is to be commended; the turnaround time of one week for delivery is unheard of in the industry. The finished product is gorgeous, very impressive and creative like a motion picture. Every time we have viewed the video with our loved ones we relive each moment, laughing and crying all over again. We really love the additional features especially the "flasher scene". I will definitely recommend MHP.

Okina & Maquel

As any couple getting married would know there is so much going on that day that it really isn't possible to take everything in. Looking at the DVD gave us chills. The stunning color and clear sound sent us right back to the beautiful day that we had.

“We never expected anything less than the **MAGNIFICENT QUALITY** of film that was given to us!”

Every time we watch it we get a little choked up. One thing that we will never regret is deciding to get our special day captured by a Cinematographer. On your wedding day you would just about remember that Shawn was there. When he presents you with the final product his presence will forever be in your mind due to the fact that he captured this impressive moving symbol of your special day.

We are thankful to you Shawn.”

“Overall, the film was dynamic!

The way you captured our story and put it to the inner story that unfolded was genius. The visual and sound was crisp and clean.

I did cry near the end as the song was just incredible (don't know what the song is called, but it was simply fantastic).

I loved the way you captured both of us at the end of the wedding day itself.

We have already discussed when we will be calling you up again to re-make our “second” wedding ceremony (anniversary).

Thank you so much Shawn! **You and your team did a fantastic job!** My husband is recommending you to EVERYONE!

'I thought it was **FANTASTIC!**
Sound quality great. What is the name of the
song at the beginning? **Love it...**
Couple of the shots look like a tourism video
for Fairmont...views, pools, hair blowing in
wind on the well manicured lawn, red carpet,
indoor waterfalls...**WOW!**

YOU ARE FANTASTIC! Efficient,
professional...I like your consultative
approach rather than the pushy sales
person approach..

I've watched the DVD 12 times already
ha ha ha...such a hopeless romantic. We are
planning DVD party for both sides of family.
The wedding messages from guests is also a
highlight. We've re-lived all the moments on
the dance floor too...

AWESOME AWESOME AWESOME.

I also like the fact that you edited the video
to reflect the couples personalities...it was
romantic, captured family shots of young
and old and the
fun fun fun...

Groom said the interviews reminded him
of a cruise ship video as guests were hav-
ing so much fun. He liked that you were
able to catch his guests having a good time
as parties like that are so hard to come by
these days.

I think I need to watch it a few more
times!

Hannah *had a lot to say!*
Here's her full feedback!

Survey Question: Did the film meet your expectations overall?

“Absolutely! Above and beyond what I ever expected. From your preparation email to the final DVD... I was blown away!

It felt like I was reliving the moments each time I watched it. It made me feel like I was there, seeing and hearing everything just as it was ... minus the fog of being the bride and trying to make sure everyone was having fun. :-)

OMG!!! It was like a real movie. The cover, the navigation, the menus. I felt like I should be signing autographs and passing out DVDs.

The day of the wedding I tried to keep my composure throughout the day and hold back from doing the ugly cry. When I watch the film it feels liberating to sit back and feel all of the emotions all over again but that I couldn't show on the day of. I've watched it multiple times... ugly cry and all.

Oh I could write so much! You are truly amazing and passionate about your craft. We are so honored that you captured our fairy tale wedding and give us the opportunity to relive it from another perspective. We appreciate your kindness, professionalism, and the way you just fit right into all of the fun. Thank you Thank you Thank you!

You really did an amazing job!! I look forward to seeing you again... I'll have to think of something that needs taping during a visit to the island. If you're ever in New York... please let me know!!!!”
